SCHOLARSHIPS, BURSARIES, & AWARDS

This is a list of over 8,400 scholarships worth \$17.6 million that high school students can apply to. Students are encouraged to apply to as many scholarships that they qualify for with well put together applications. The scholarships here are always changing so be aware of dates, deadlines and check often. Those listed within this document appear by the application deadline. Students are encouraged to go through the entire document, research which ones they would like to apply for, and apply early. Students are also encouraged to consider completing the Chinook School Division's **Scholarship 101 Worksheet** to prepare (found on the school division and school website under "Career Development").

CRITERIA for Consideration:

Students should note that not all scholarships, bursaries and awards are granted based entirely on academic marks. Many are awarded for various other criteria such as:

- Interests (examples: music, drama, art, athletic, cooking, and gardening)
- Family related (examples: Military, Co-op, cultural)
- Entrepreneurial
- Humanitarian (volunteer, community minded, service oriented)
- Leadership
- Other ... disabilities, workforce

The scholarships listed here are meant to be not a comprehensive list so students and parents should continue to search for other scholarships. Other scholarships include new opportunities, post-secondary entrance awards and local community scholarships. The scholarships, bursaries and awards on this list include local, regional, provincial and national awards.

*** Key for students in the Chinook attendance area would be to check out the countless funding supports available from Great Plains College.**

www.greatplainscollege.ca

***Entrance Awards –**

Please check with your post-secondary institution or workplace for entrance awards that are available. Be mindful to check back often to the websites, do a quality job with your applications and watch the deadlines. (Check the websites of the post-secondary institution you are planning to attend. Search for Scholarships and Awards. Many are available from the institution or specifically from the college or faculty you are planning to attend.)

***School and Local Community -**

Each local community and school will have a list of potential awards for grade 12 graduates. *Please check with your school* as these are specific awards that are usually posted by each school in spring to the graduating class. These are specific awards to each school and community.
